

Remanufactured Headlamp Assembly

The "Black Dog" Remanufactured Headlamp Assembly is a cost-effective alternative replacement for 00-07 S-Type headlamps with broken, "pointing-to-the-ground" adjusters.

Product Description

These remanufactured units are assembled in our own facility and include a new bulb and wiring harness. Every headlamp lens is hand-polished to remove cloudiness and restore clarity.

Features & Benefits

- Less Expensive Alternative to Dealer Pricing
- Lenses are Polished to Remove Cloudiness & Restore Clarity
- Repair Parts are More Durable Than Original Design
- Longer Life Expectancy
- Includes New Bulb and Necessary Wiring
- Restores Headlamp Adjusters to Original Operating Condition

Part# & Application

- Cores with Broken Adjusters will be Accepted, but Must be Intact
- Cores with Broken Housings or Lenses Will Not be Accepted
- These lamps Use Halogen Lamps Only - Will Not Accept Xenon Lamps
- If Replacing a Single Lamp Polish Other Side to Match with P/N 09135
