

## Remanufactured Land Rover Brake Calipers

Black Dog Manufacturing offers a complete range of Land Rover remanufactured brake calipers. The units are thoroughly tested and checked. The calipers are not loaded with brake pads so the customer is free to make his own quality selection of brake pad without wasting money.

### Product Description

The remanufactured brake calipers are a "high quality rebuild" including new caliper pistons, where necessary, and seals.

### Features & Benefits

- High quality rebuild
- New caliper pistons where necessary
- Not loaded with generic low quality pads
- Fully tested and checked
- 12 month warranty
